PAR-Q (PHYSICAL ACTIVITY READINESS QUESTIONNAIRE)

Being more active is safe for most people. However, some people should check with their doctor before they increase their physical activity. If you are planning to become more physically active than you are now, start by answering the questions in the box below.

YES	NO	QUESTION
☐	☐	Has your physician diagnosed you with a heart condition and that you should only do physical activity recommended by a doctor?
☐	☐	Do you feel pain in your chest when you do physical activity?
☐	☐	In the past month, have you had chest pain when you were not doing physical activity?
☐	☐	Do you lose your balance because of dizziness, or do you ever lose consciousness?
☐	☐	Do you have a bone or joint problem (i.e. hip, knee, shoulder, back, lower back, neck) that could be made worse by a change in your physical activity?
☐	☐	Is your doctor currently prescribing drugs (for example, water pills) for your blood pressure or heart condition?
☐	☐	Do you know of any other reason why you should not participate in physical activity?

YES

to one or more questions

- Talk with your doctor **BEFORE** you increase physical activity and **BEFORE** you have a fitness assessment. Tell your doctor about the PAR-Q and which questions you answered YES.
- Talk with your doctor about the kinds of activities you wish to participate in and follow his/her recommendations.

NO

to all questions

If you answered NO to all PAR-Q questions, you can be reasonably sure that you can:

- Start becoming more physically active.
- Begin slowly and build up gradually. This is the safest way to go.
- Take part in a fitness assessment. This is an excellent way to determine your baseline fitness.

CAUTION

- If you are not feeling well because of a temporary illness such as cold or a fever, delay physical activity until you feel better.
- If you are or may become pregnant—Talk to your doctor before starting an exercise program.
- If your health changes so that you can answer YES to any of the above questions, discontinue physical activity until you consult your physician. Ask whether you should change your physical activity plan.

Informed use of the PAR-Q: The West Morris Area YMCA and their agents assume no liability for person(s) who undertake physical activity, and if in doubt after completing this questionnaire, consult your doctor prior to physical activity.

Training Policies

(Personal Training, Small Group, Aquatic Rehab, Aquatic Personal Training)

- **NEW CLIENTS:** Your first training session will consist of an initial consultation that includes a review of your health history, lifestyle and goals. Your personal trainer can then help you achieve goals through one-on-one attention, accountability and expertise. Please purchase a credit and book a day/time with trainer. This is the same price as a regular training session. Print and fill out the initial consultation form below and bring it to your first session.
- You are purchasing credits to be redeemed for service by booking a day and time with a trainer.
- Please be ready to begin each training session at the scheduled appointment time. If you arrive late, the training session will not be extended.
- All sessions must be paid prior to training session.
- A 24 hour cancellation notice to your instructor is required, should you need to cancel a training session. If a session is cancelled less than 24 hours prior, the client will be charged the full training amount and not have missed session credited to account.
- Should you wish to reschedule an appointment, the trainer will do their best to accommodate your request. All requests must be made at least 24 hours in advance to your trainer.
- All session purchased are non-refundable and non-transferable.
- Credits purchased are valid for 1 year of purchase date.

By signing below, I understand and agree to the above policies.
